RELEVANT EXPERIENCE
Brady Corporation   (Chicago, IL)   Feb 2016 - Present
Full Stack Developer - eCommerce
• Integrate digital commerce channels using Salesforce B2B Commerce Cloud (previously CloudCraze).
• Develop corporate strategy and business intake for initiative to migrate existing legacy sites to Salesforce platform.
• Design and integrate software architecture of guided selling eCommerce to boost engagement on hero products; work with business through biweekly sprints to ship new customer engaging features.
• Drive business revenue by implementing and streamlining the front-end architecture to boost productivity for the internal team.

Walker Sands Digital (Chicago, IL)   Sept 2015 - Dec 2015
Junior Front-End Developer
• Architected and designed (Wordpress, SASS) an internal CMS testing playground; deployed and used for training and new hires.
• Collaborated with lead developer and in-house backend developer to update and modernize the Walker Sands CMS; worked directly with the design team to create fully responsive websites for clients.
